WORK EXPERIENCE

BT Group - Openreach

Aug 2024 - Present

Cloud Engineering Professional | Bengaluru, India

- Reengineered order management system from Spring JPA to **Quarkus**, reducing serverless cold-start time by **60%** and increasing service availability to **99.97%**.
- Optimized AWS Lambda packaging, lowering Lambda-related costs by **45%**.
- Implemented API Gateway authorizer with RSA/Azure AD signature verification and JWT validation to secure APIs.
- Integrated AWS SES and established **Playwright E2E pipelines**, reducing cloud OPEX by **30%**.

BT Group - Openreach

Jan 2024 - Jul 2024

Software Development Intern | Bengaluru, India

- Ported applications from Spring Boot to Quarkus 3.8, reducing startup time by **40%** and enabling AWS Lambda deployments.
- Implemented circuit breaker and retry strategies to meet 2000 ms SLA across service endpoints.
- Built a SOAP downstream integration capable of handling **5,000 requests per minute**.

PROJECTS

OOTD Recommendation Engine

Full Stack

REST API-based recommendation engine using user profiles and inventory data with garment recognition via image processing.

Java, Angular, REST APIs, Image Processing
